

# Argosy Product Data Sheet

SERVING THE BROADCAST INDUSTRY

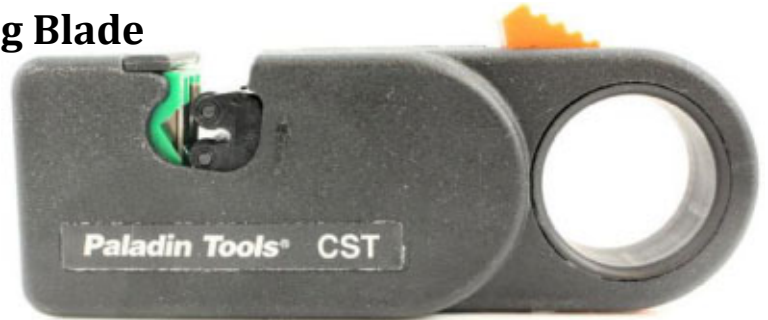

Version: V113

## Stripping Tool Cassette including Blade

### Description

Professional quality coaxial cable stripper from paladin tools. The CST quickly became the standard in the broadcast industry.

- Cam adjustment to guarantee a precise hold on cable.
- Interchangeable memory blocks reduce set up time.
- Blades are two sided for longer use.
- No cable jacket distortion during stripping process.
- Blade cassettes are easy to change.
- Strips jacket, shield and dielectric down to the conductor.

Part Number	Colour	Common uses
